

Release Notes

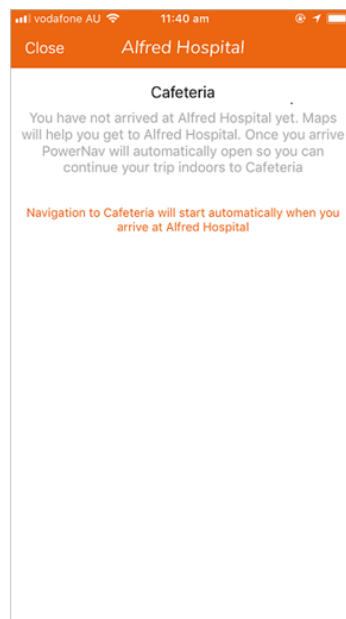

Version 3.0.2 - Mar 2019

We thought you might be interested in the latest PowerNav developments. Please stay tuned for new enhancements coming soon.

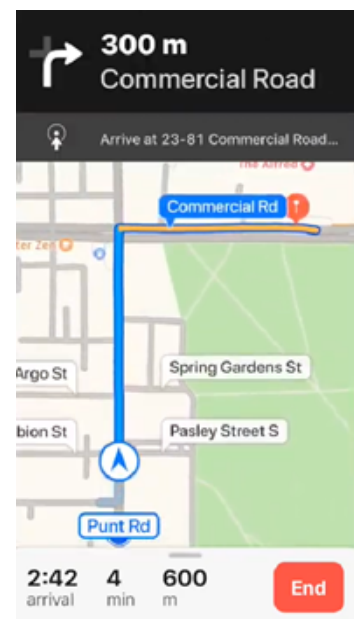

Features: Navigation from home, appointment reminders and arrival notifications

Seamless Navigation from Home

It's now easier than ever to prepare for your hospital journey starting from the comfort of your home. PowerNav now allows you to navigate to your destination within the PowerNav enabled facility, all the way from home.

Locate your destination

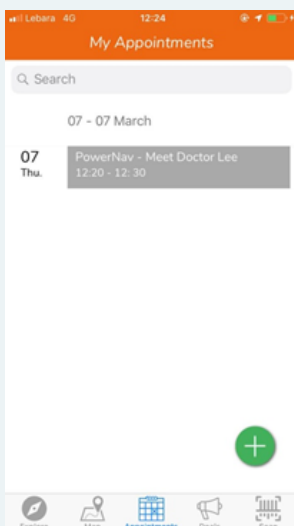

Navigate from home

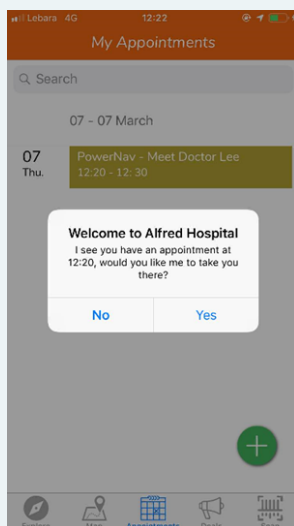

Interactive Appointment Reminders

Never miss an appointment again! Simply scan the barcode published on your appointment letter to save the date and time to the calendar on your phone.

You will receive a reminder notification prior to your appointment, and you can choose to call the clinic if you need to cancel or reschedule the appointment.

Save your appointment to your phone

Receive a reminder notification

User Arrival Notification

PowerNav can now let your outpatient clinic know that you've arrived.

This means less time waiting in queues, and more time to sit down and make sure you have everything necessary for your appointment.

Ask your local outpatient clinic if they have PowerNav enabled.

PowerNav notifies your outpatient clinic when you arrive for your appointment
